# Rumevite® All Season

High energy and protein feed and mineral block for cattle and sheep with access to lower quality grazing/forage to support optimal health and performance.

## Features & benefits:

- High protein feed block, containing natural protein and urea, to help complement lower quality grazing/forages in order to support feed digestion and animal performance.
- Good levels of energy from fermentable (starch and sugar) to help support optimal body condition scores, fertility, growth performance and milk production.
- Includes protected zinc for cattle and sheep at risk of lameness and mastitis.
- Fortified with minerals, vitamins and trace elements to help complement levels often found lacking in forages.
- Contains Phytotec\*\* to support robust digestive health, daily liveweight gain and improved feed conversion efficiency.
- Available in 19" (Rumevite High Energy and Protein) and 14" feedblocks.

## Ideal for:

- Breeding ewes after tupping throughout the mid-pregnancy period.
- Breeding and growing cattle from mid-summer onwards throughout winter where no extra copper is required.
- Mixed grazing situations.

## User guide:

- Offer in Rumevite® feeders to help control intakes and reduce contamination at a ratio of one per 15 head of cattle or 35 head of sheep.
- Ensure ad-lib forage is always available.
- Do not offer to cattle or sheep under 3 months of age.

## Typical intakes:

- Cattle up to 500g/head/day#.
- Sheep up to 200g/head/day#.

## Product Specification:

Crude protein %	22
Urea %	4
Crude fat %	3
Crude ash %	21
Energy (MJ ME/kg DM)	12.5
Calcium %	4
Phosphorus %	0.3
Magnesium %	1.5
Sodium %	✓
Selenium mg/kg	✓
Cobalt mg/kg	✓
Iodine mg/kg	✓
Manganese mg/kg	✓
Zinc* mg/kg	✓
Vitamin A iu/kg	✓
Vitamin D <sub>3</sub> iu/kg	✓
Vitamin E iu/kg	✓

\* Consumption will be influenced by number of feed points per head of stock, forage availability and quality, other feeds available, age and breed of stock and proximity to water sources.

\* Includes protected zinc

\*\*The New Shape Rumevite® blocks also benefit from the addition of Phytotec for additional digestive health support.

Spec Number 1.3

### Rumevite Spike Feeder

- Ideal for stock at grass and on root/forage crops
- Keeps blocks clean and dry and controls consumption

### Rumevite Block Feeder

- Use at grass with stock to prevent block biting and wastage
- Site over the total grazing area in order to avoid poaching the ground

### Rumevite Wall / Gate Mounted Feeder

- Ideal for feeding Rumevite to stock indoors
- Fix to the feed barrier or gate at head height for cattle
- Keeps blocks clean and dry and controls consumption
